"It Makes Me Tired"

To read all these advertisements of medicines upon medicines--when they enumerate with such particularity and minuteness of detail, all the diseases mankind, womankind, and even "babykind," are heir to. How cheap one feels to commence what she supposes to be a tragic or tender love-story, read until her sympathies are so thoroughly aroused that she can scarcely sleep without knowing whether they were married or not, and then have it end something like this: "Dr. Pierce's Favorite Prescription is the only positive cure for all classes of "female weakness," such as proflapsus, inflammation, periodical pains, etc. For sale by all druggists."

Dr. Pierce's Pellets are Laxative or Cathartic according to size of dose.

AS experienced eastern statesman says that over two-thirds of the bills introduced in state legislatures fail to become laws because of their defective construction. Even if passed by the legislature and approved by the governor, they would be inoperative because of their loose phraseology. As a remedy he suggests the creation of a new officer to be known as counsel for the legislature, whose duty it shall be to examine every bill before its passage for the correction of defective phraseology.

TELEGRAPHIC SUMMARY

CHICAGO, June 20.--The national republican convention re-convened at 12:30 p. m. to-day.

Roche, of Illinois, made a motion calling for the report of the committee on permanent organization.

The chairman announced that the committee on credentials would be ready to report at 8 p. m.

The convention then voted to effect permanent organization, and at 1 p. m., Chairman Estee took the chair, and was introduced to the convention. He spoke for about ten minutes, and briefly referred to the Oregon election of two weeks ago.

Roche, of Illinois, took the platform and presented the convention with a gavel of solid gold and silver; but Works, of the same state outdid Roche when he, amid loud applause, presented to Chairman Estee a gavel made from the wood of a dock in the tannery at Galena, which was the property of Gen. Grant.

The committee on rules reported, giving Dakota ten votes and Washington six votes in the convention.

Hoar moved that the report of the committee on rules be adopted, except as relating to alternates.

Butterworth, of Ohio, moved to limit nominating speeches to fifteen minutes, and seconding speeches to ten minutes, but this motion failed to be adopted.

Johnson, of New York, moved to re-commit rule 10 to the committee.

On motion of Hoar, the convention took a recess until 8 p. m., when the committee on credentials is expected to report.

It is hardly likely any balloting will occur until to-morrow.

SEVERE HAIL STORM.

ROUGH ENCOUNTER WITH THE ELEMENTS in Montana.

HELENA, June 19.--Passengers who arrived in Helena last night from Butte say that about 7 o'clock in Deer Lodge valley the train encountered one of the most violent hailstorms that ever visited this country. The rain at first poured down in torrents accompanied by terrific thunder and lightning, both sheet and forked. There was a lull for a few moments in the rainstorm, but it burst with renewed vigor and hail fell rapidly, covering the ground several inches deep in places. The stones were of immense size, the average being larger than walnuts. Nearly all the windows in the cars were broken, the hailstones going through them like bullets. The ventilators were smashed and there are even indentations on the sides of the cars, showing with what mighty force the hail must have been hurled. None of the passengers were struck by the stones. They hovered to one side of the car and covered their defenseless heads with whatever they could. Horses and cattle were noticed fleeing terror-stricken before the storm and teamsters were seen at the heads of their plunging animals seeming oblivious to the hail which was evidently falling with force sufficient to stun or bruise severely a man or an animal. The hailstorm lasted fifteen minutes and seemed to cover but a small area of territory in width. The cold that followed the storm was intense, the thermometer sinking at least 50 degrees.

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with malarial fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony; says: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all malarial diseases, and for all kidney, liver and stomach disorders stand unequalled. Price 50c. and \$1 at Dr. H. W. Cox's.
